Early Help Parent Support Courses and Workshops

September to December 2025

“Right support **Right action** Right time”

Triple P... taking the guesswork out of parenting

Triple P is the flexible, practical way to develop skills, strategies and confidence.

When it comes to raising children and teenagers, everyone has an opinion. Early Help 'Triple P' gives parents simple tips to help manage the big and small problems of family life. Problems like toddler tantrums or teenage rebellion, Self-esteem issues, Bedtime battles, Disobedience, Aggression. Triple P can help you deal with them all – and more.

Triple P – Positive Parenting Program responds to the needs of parents while giving them simple and practical strategies to confidently manage their children's/ Teen's behaviour, prevent problems developing and build strong, healthy relationships.

How it's delivered?

Early Help's Triple P delivery is a FREE service, aimed at families with children aged 3 to 18 years (25 with SEND), through a range of universal programmes.

The programme contains a variety of discussions, video clips, worksheets and booklets for you to take away.

Our aim is to empower and equip parents with key skills to better deal with the everyday Challenges. Giving parents, the kind of solid parenting information and support that can reduce their distress and help prevent behavioural problems in children.

1 – 2 Hour Discussion/Information Sessions

You may like to come along to Triple P Discussions/seminars. This is a great way to cover key areas we know many parents want information and help with, including:

Understanding general issues, why children tend to behave in certain ways under certain influences, and what they best respond to.

Dealing decisively and effectively with behaviours such as aggression, non-cooperation and disobedience.

Recognising and managing situations that might be less obvious such as sadness, anxiety, difficulty with separation and problems mixing with other children.

Stepping Stones 6 Week Course

Stepping Stones Triple P is designed for parents and carers of children with a special educational need or disability. Based on the well-established Triple P Positive Parenting Program, it offers practical strategies to help manage behaviours and challenges that can sometimes make family life more difficult. This program has been evaluated with families of children with special educational needs or disabilities who display behaviours that may be considered challenging—and has been shown to be effective.

Who is this for?

Parents of children with a special education need (SEN) or disability (3 years to 12 years)

How can it help?

Stepping Stones Triple P can support you to:

- Understand and respond to behaviours that are common in children with additional needs
- Encourage positive behaviours
- Build your resilience and reduce stress
- Strengthen your relationship with your child
- Support your child to learn new skills

Fear-Less Triple P

The aim of the Fear- Less course is to help people learn to manage their anxiety effectively so that it doesn't cause excessive distress and interference with functioning. The aim of wanting children to be less fearful.

The course is for parents who want to know more and or have significant concerns about children's and teenagers' anxiety. The course helps parents to develop effective anxiety – management strategies.

Fear – Less was specifically developed for parents who have children who have sufficiently high levels of anxiety it negatively impacts on their everyday functioning.

Over the length of the programme the following is covered:

- Understanding Anxiety
- Promoting emotional resilience
- Setting a good example and encouraging realistic thinking
- Overcoming avoidance
- Responding to Children's anxiety
- Constructive problem solving and maintaining gains.

Strengthening Families

Strengthening Families is for parents and children aged 10 to 14 to come to together (8 is the minimum due to content).

This 6 week course (1 night a week) aims to help families to work together to solve problems, create and sustain a positive relationship and have fun together as a family.

It supports parents to manage misbehaviour, by using appropriate rewards and consequences, encourage, and support their children to make good choices and decisions.

The course supports young people to make positive choices and decisions, understand the need for rules and encourages young people to recognise their strengths and look at how they can use those to manage difficulties. A family meal is provided.

To access the above course you will require the completion of an Early Help Assessment (EHA) or being supported through the Team Around the Family Process (TAF).

Who's in Charge

This is a 6 week course (2 hours once a week) to support parents where their children are especially challenging (violent/ aggressive) and all the usual strategies for managing behaviour do not seem to work.

This is a therapeutic group which offer alternative strategies tailored to particular personality types of both young people and parents and challenges parents to reflect on how their response can affect the outcome of situations. Age range 8-17 yrs.

To access the above course you will require the completion of an Early Help Assessment (EHA) or being supported through the Team Around the Family Process (TAF).

To book on to any of the courses email us on
