

Willow Class Blog

We have had a great term here in Willows. We have enjoyed learning all about castles in our topic.

For our stunning start we had Cinderella visit us. She also brought her baby. It was lovely to hear how her life in the castle has been such fun since she married Prince Charming. We got to ask lots of questions too. She said that we were the best class she has ever visited.

For our Marvellous middle we had a craft day where we made a cardboard castle, a castle out of dough and a shield.

For our Fabulous finish we are having a castle day at Kymbrook. We spend the morning doing activities that would have been found in a mediaeval castle and the afternoon having a mediaeval banquet.

Below are some of the things our children have said about this term.

"My favorite part has been when Cinderella came to visit us. She read a book about herself and we got to ask her lots of questions which we went mad with." Isla B.

"I have enjoyed history because it's all about castles. I loved learning about knights. Because they used to fight for our country." Anisa

"My favorite bit has been when we have done independent learning, because you can learn new things even when you are playing." Azariyah
