F.O.T.S CATCH UP ON FUNDRAISING!

A big thank you to all who support our events fundraising for our school. We are delighted to hear that the playground equipment we have financed with £3,200 has been selected and plans drawn up for completion this summer. Last term we have also been able to donate a further £200 to school for sports equipment and we are now investigating funding improved audio/computer equipment for the hall with money we have raised this academic year.
