

STUNNING START

We started the term off with our

We looked at Roman artefacts, started making Roman mosaics and created some Roman coins for our display. We are also solving 'patrician problems' to look at the problems the emperors of the Roman Empire would have to solve.

In our independent work, we have been looking at the history and geography of the Roman Empire and what kind of inventions the Romans brought to Britain when they invaded. We have also looked at how and what plants need to grow and learned a lot about Roman numerals and Roman graffiti.

Our first sports trip was to Harrold Primary where we split into two teams to compete in Tri-Golf and Kwik Cricket. Our highest score in Tri-Golf was **108** and we came 4th in Kwik Cricket, with our highest score being **125** runs!
